ENGINEERED BUILDING SYSTEMS ANNOUNCES OPENING OF PHILADELPHIA AREA OFFICE

Engineered Building Systems is pleased to announce the opening of their new Philadelphia Area office, located in Plymouth Meeting, PA.

Since its founding in 2003, Engineered Building Systems has grown into a well-established, leading provider of heating, ventilating, and air conditioning equipment in the commercial, industrial, healthcare, and hospitality markets, representing many manufacturers of quality mechanical equipment.

Over the past 14 years, EBS has expanded significantly, adding three additional physical offices to serve the Allentown/Lehigh Valley market, the Harrisburg/Central PA market, and the Philadelphia/South Jersey market. In 2016, EBS also started a service company to better serve our customers. EBS Service provides check, test, and start-up services as well as warranty repair service.
